

# Jim Sensenbrenner

HE LISTENS, HE CARES AND HE DELIVERS.

*“If you know my record, you know that I’m not afraid to stand up against anyone if it means defending our conservative, American values.”*

Jim Sensenbrenner has earned a reputation of fighting for our families. Tax-cutter, outspoken critic of pork barrel spending and an advocate for securing our borders, he’s always been a consistent voice for our common sense values and principles.

Whether holding hundreds of Town Hall meetings or conducting official office hours throughout our community, Jim listens to us and hears first-hand our concerns.

## TAXES AND SPENDING

Fighting for our hardworking families and taxpayers is a cornerstone of Jim's agenda. He is routinely recognized by tax watchdog groups for his commitment to cut wasteful spending and reduce taxes. He recently received an "A" grade from the National Taxpayers Union and is ranked as a "Taxpayer's Friend." Often criticizing members of both political parties for Congressional earmarks, Jim has led the fight to rein in pork barrel spending.

*"Washington, D.C. has a spending problem – not a revenue problem."*

## ECONOMY

Jim has taken a strong stand on behalf of the families of Wisconsin by standing up for the taxpayer. He has remained firm in his commitment to make the President's tax cuts permanent, to eliminate the Alternative Minimum Tax, to impose a moratorium on earmarks, and to reduce entitlement spending and seek a balanced budget. In addition, Jim is the Republican leader on the House Select Committee on Energy Independence and Global Warming where he is steadfastly seeking solutions to global climate change that do not harm the American economy.

*"At this critical time of economic uncertainty, the last thing Washington needs to do is send a message about raising taxes. I will continue to be a fiscal conservative and work to control reckless, wasteful spending."*

## SAFETY AND SECURITY

Jim Sensenbrenner believes improving national security means controlling our borders and aggressively fighting against terrorism. Jim authored the Border Protection, Antiterrorism and Illegal Immigration Control Act, which cracked down on illegal immigration and strengthened border security. Jim has played a leading role in the illegal immigration debate by remaining undeterred from this fight for substantive immigration reform. He knows that we must not forget the hard lessons from 9/11, and has worked tirelessly to keep us safe.

*"I've never been one that shied away from controversy. What I'm doing is the right thing. To eliminate threats to our nation, we've got to get control of our borders."*
